

My Favorite Hobby

Level: A2 Topic: Hobbies

My favorite hobby is painting. I love to paint because it makes me feel happy. I usually paint landscapes and flowers. I have many colors: red, blue, yellow, and green. Every Saturday, I go to the art class in my town. The teacher is very nice and helpful. She teaches us different techniques. Sometimes, we paint outside in the park. I enjoy painting with my friends. We can share our ideas and help each other. At home, I hang my paintings on the wall. I feel proud when I see them. Painting is fun and relaxing for me!
