

Gardening Basics

Level: B1 Topic: Hobbies

Gardening is a rewarding hobby that many people enjoy. It allows you to connect with nature and grow your own plants. To start, choose a small space in your yard or even use pots if you have limited room. Select plants that are easy to care for, such as herbs or flowers. Make sure to learn about the specific needs of each plant, including sunlight and watering requirements. Regularly check your plants for pests and diseases. Gardening not only beautifies your space but also provides fresh ingredients for cooking. Additionally, spending time in the garden can be relaxing and a great stress reliever.
