

My Favorite Hobby

Level: B1 Topic: Hobbies

One of my favorite hobbies is painting. I started painting when I was ten years old. At first, I only used watercolors, but now I enjoy using acrylics as well. I love painting landscapes and portraits. When I paint, I feel relaxed and focused. It allows me to express my feelings and creativity. I usually paint in my room, but sometimes I go to parks to find inspiration from nature. I often take my sketchbook with me to draw what I see. I also attend art classes every week to improve my skills. My teacher is very supportive and provides constructive feedback. I have exhibited some of my work in local galleries. Sharing my art with others gives me a sense of accomplishment. Painting is not just a hobby for me; it is a passion that I hope to pursue more seriously in the future.
