

Travel Adventures

Level: B1 Topic: Travel

Last summer, Mia went on a travel adventure to Europe with her family. They visited three countries: France, Italy, and Spain. In France, they saw the Eiffel Tower and enjoyed delicious pastries. Mia loved the croissants! Next, they traveled to Italy, where they explored ancient ruins in Rome and tasted amazing pizza. Mia was fascinated by the Colosseum and took many photos. Finally, they went to Spain and relaxed on the beautiful beaches of Barcelona. Mia learned some basic Spanish phrases, which helped her communicate with locals. She enjoyed trying new foods and experiencing different cultures. The trip was a great opportunity for Mia to spend quality time with her family and make wonderful memories. When they returned home, Mia shared stories and photos with her friends. She is already planning her next adventure and hopes to visit more countries in the future. Traveling has opened her eyes to the world, and she believes it is one of the best ways to learn.

Questions
